BILL NUMBER: SB 299

NOTE PREPARED: Jan 19, 2010

BILL AMENDED:

SUBJECT: Agricultural Biomass Infrastructure Grants.

FIRST AUTHOR: Sen. Hershman

FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: **GENERAL**
 X DEDICATED
 FEDERAL

IMPACT: State

Summary of Legislation: This bill changes the name of the E85 Fueling Station Grant Fund to the Agricultural Biomass Infrastructure Grant Fund. It authorizes the Department of Agriculture (ISDA) to award grants from the Agricultural Biomass Infrastructure Grant Fund for certain infrastructure used for the production or distribution of biofuels from biomass. The bill adds certain definitions. It makes changes to the definition of a qualified expense. It provides that the amount for a grant for certain infrastructure used for the production or distribution of biofuels may not exceed the lesser of (1) 50% of the recipient's qualified investment; or (2) \$100,000. It makes related changes.

Effective Date: January 1, 2011.

Explanation of State Expenditures: The bill does not contain an additional appropriation. It will require no new funding. The provisions of the bill will allow the ISDA to use money in the existing E85 Fueling Station Grant Fund to award competitive grants for infrastructure projects that use renewable energy systems to produce or distribute biofuels from agricultural-based biomass. Grants awarded would equal the lesser of 50% of the qualified investment or \$100,000.

The new grants would be available January 2011. The ISDA will need to create guidelines and increase awareness of the new grants. The bill's requirements are within the ISDA's routine administrative functions.

As of December 2009, the existing E85 Fueling Station Grant Fund had a balance of \$647,723.

ISDA was allotted \$1M to administer the E85 Fueling Station Grant Fund program. ISDA has been awarding funds under this program and investing the unused funds.

(Revised) Background. The ISDA and the Office of Energy Development administer the E85 Fueling Station Grant Program, which received funding from the state General Fund. Grant amounts are available up to a maximum of \$20,000 for E85 infrastructure. Grants awarded in 2008 and 2009 are listed below.
